

Full posterior

same graph, large payload

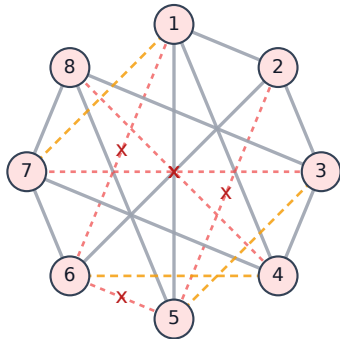

Full GM-LMB label

$r_\ell, \{w_m, \mu_m, P_m\}_{m=1}^{M_\ell}$
all mixture components

Graph sparsification

fewer or rewired paths

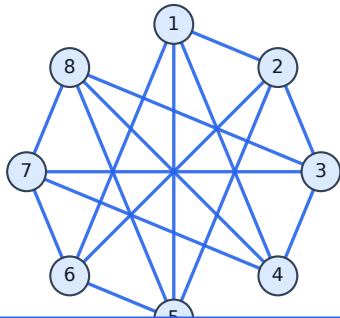

message paths are changed

effective KLA graph can thin out

Light posterior

same graph, compressed payload

Light LMB label

$r_\ell, \bar{\mu}_\ell, \bar{P}_\ell$
single moment-matched Gaussian
